TECHNICAL HANDBOOK

FIGURE SKATING

VERSION 1
OCTOBER 2016

ALMATY 2017

Dear Participants,

On behalf of the International University Sports Federation, it is both a pleasure and an honour for me to welcome you to the 28th Winter Universiade from 29 January to 8 February, 2017 in Almaty, Kazakhstan.

The technical handbooks probably belong to some of the most useful documents during the entire period of the Universiade. That is why so much effort is put into their preparation. Those manuals are always reflecting the amount of work that has been done to prepare such multi-sport events. The investments in terms of infrastructure and sport facilities are just amazing and we all hope that you will enjoy the remarkable competition conditions that Kazakhstan and the city of Almaty created for all participants.

We therefore would like to thank all parties that worked in very close co-operation with the Organising Committee of the Almaty Winter Universiade and the Student Sports Federation of the Republic of Kazakhstan.

I would like to underline the efforts made throughout the last month by the Technical Delegates of the FISU International Technical Committee for the Winter Universiade. They have worked continuously in close co-operation with the competition managers of the Organising Committee and the International Sports Federations to allow the students to compete in the best possible conditions in a country, which will be showing the magic of winter sports to the world.

We look forward to your participation and we are sure that you will find in this manual all the necessary information that will help you to participate in the competitions in a smooth and proper manner.

Together with the entire FISU Family, I wish you all the best for a most successful 28th Winter Universiade.

Oleg Matytsin,
FISU President

Dear Friends,

It is a pleasure and honour for Almaty to host the 28th Winter Universiade 2017, which has been one of the largest and prestigious multi-sporting event in the world for more than a half a century. We are pleased to extend a warm welcome to the representatives of all the countries or regions participating in the 28th Winter Universiade.

It is the first time for Almaty to host the Winter Universiade and we will make everything possible to hold the competitions at the highest level.

The 28th Winter Universiade is the large image project for Almaty, and for our multinational country. As you know, our country has a successful experience in organizing international projects, forums, and we ensure making our best to hold this Winter Games.

We would like to highlight the efforts of the International University Sports Federation (FISU) to promote sports values and encourage sports practice in harmony with university spirit. The slogan of the Universiade is "Spread your wings!" It is hoped that it will encourage the youth participating in the competitions to succeed. We are in favour of promoting sports values, along with encouraging friendship, fraternity, fair-play and cooperation between students who will one day have responsibility and even hold key positions in politics, economics, industry and culture.

We are ready to welcome our guests and participants of the 28th Winter Universiade. Three new venues were built for this big event, which are the Athletes' Village for 5,000 people, Almaty Arena with 12,000 seats, and Halyk Arena with a 3,000 seating capacity.

As the successor to the Asian Games Universiade inherited the sports facilities with modern equipment, developed infrastructure and updated cultural centers.

In 2011, Almaty hosted the 7th Asian Winter Games. For this event, the "Sunkar" International Ski-Jumping Complex and the "Alatau" Cross-Country Skiing and Biathlon Stadium were built. Furthermore, the "Medeu" High-Mountain Ice Rink, the "Shymbulak" Ski Resort, and the "Baluan Sholak" Sports Palace were modernized. All these venues are essential elements of the sports infrastructure of Kazakhstan.

We would like to assure that your stay in Almaty will be comfortable and exciting, your expectations will be met and you will come home enriched, with new experience and friendships.

We sincerely believe that the 28th Winter Universiade which became popular around the world will unite a set of the countries on this sport event. The cultural content, the scope and the level of organization of the event will allow you to immerse in the rich history, national traditions, and enjoy the special flavor of our country.

Imangali Tasmagambetov,
OC President

The events will be organised in accordance with the most recent technical regulations of the International Skating Union (ISU), except when specifically amended with the WU 2017 Regulations.

The programme includes the following events:

- Men
- Ladies
- Pairs
- Ice dance

Each country may enter:

Men	three (3) skaters
Ladies	three (3) skaters
Pairs	three (3) couples
Ice Dance	three (3) couples

Each skater will be authorised to take part in FISU events only after the applying skater has submitted satisfactory documentation and received from the Secretariat an ISU Clearance Certificate (ISU Rule 109).

At the first General Technical Meeting, the Head of Delegation or his/her representative shall confirm and sign the official list of competitors. Only accredited athletes can be considered for the draw of a starting list.

4.4.1. ATHLETE'S SELECTION

Maximum number of entries for figure skating in the Winter Universiade:

		Men (skater, male)		Ladies (skater, female)		Pairs (couple, 1 male 1 female)		Ice Dance (couple, 1 male 1 female)	
Each NUSF	Max. # of Entries	Qualify # for Free Skating	Max. # of Entries	Qualify # for Free Skating	Max. # of Entries	Qualify # for Free Skating	Max. # of Entries	Qualify # for Free Skating	
	3	3	3	3	3	3	3	3	
Total	36	24	36	24	20	16	25	20	

Where the number of quantitative entries in Men, Ladies, Pairs and Ice Dance is larger than the authorised number of skaters, the following selection criteria will be applied:

- One or more selection rounds will be made until the maximum number of authorised entries is reached (as described in the table above);
- During each selection round a maximum of one (1) athlete or couple in each category from each country will be selected, except for the 1st round where two (2) athletes or couples may be selected for the host country and countries with medallists at the last Winter Universiade.
- The selection criteria within each round are the following:
 1. Host country;
 2. NUSF participating in the previous WU figure skating competitions – based on the higher ranking in the final results of the last WU (from top to bottom);
 3. NUSF who did not participate in the last WU will be selected by a wild card system according to the criteria defined by the FISU CTI-UH (geographical and continental representation, participation in previous WU).
- A reserve list will be made with the number of athletes that have not been selected for each country.

Three (3) months before the opening ceremony of the WU the OC, upon FISU approval, will inform all participating countries about the number of athletes selected for each country and the ones on the reserve list. The final composition of the judges' panel will be defined based on the list of selected athletes (cf. art.12.5.6).

If an NUSF wants to enter less athletes after the selection is complete, the NUSF has to inform the OC. However, in the event of unused entry quota from NUSF and athletes' withdrawal, the financial dues for the ITOs (cf. art. 11.10.2) must still be paid by the NUSF to the OC during the accreditation process upon arrival to the Winter Universiade. If any, the NUSF on the reserve list will be contacted in order to take the vacant place.

4.4.2. PROTEST AND APPEAL

Any sport disciplinary situation, which cannot be satisfactorily resolved by the sport technical committees and the sport specific disciplinary regulations, will be reported to the FISU Disciplinary Committee for further action to be taken. Where appropriate, a report will be sent to the ISF concerned Committee.
